CLAY PIGEON SHOOT LTD KARTING (Saturdays)

Stag, Hen & Birthdays

Our karts are Honda powered off road buggies with full roll cages, three point safety seat belts & racing seats. All of the karts are fitted with remote cut offs, so should you need to be slowed down, or stopped at anytime we can do this to maintain a safe environment for everyone.

Our karting events are all about enjoying a safe off road experience within a controlled atmosphere, not driving like a maniac until something goes wrong!

Please note that anyone who has been drinking alcohol prior to an event will not be allowed to participate at all without exception.

In order to take part all participants must have passed a UK standard or similar driving test. Minimum age is 17. Maximum age 60. Participants need to be less than 18 stone in weight & no taller than 6'4. A standard disclaimer needs to be completed on the day.

Anyone that suffers from any medical condition that might be affected by this kind of activity should not participate e.g. heart conditions etc.

Any spectators must be 17 y/o + (please mention when booking as we don't have a viewing area, just a participant's area)

Events start between approx 9am & 1pm & last around 2 hours depending on the number of guests in the party.

Format as follows:

Meet the instructors & get issued with gloves, overalls (not waterproof), & crash helmet (full face with visor).

Warm up laps:

You'll get to drive around the track in a very steady manner playing follow the leader in teams of 2 / 4 drivers at a time. This is to familiarise drivers with the track & the way the karts handle. Up to 3 or 4 karts can be out at a time depending upon conditions on the day. This not a race & overtaking is not permitted. There may be extra cones out on the track to slow drivers down according to conditions. Anyone who persistently knocks them over as a result of careless or reckless driving, may find themselves disqualified. Health & Safety is the main priority during any of our events. If you think that any members of your party are incapable of driving in a sensible manner, please don't bring them with you!

Timed team laps:

Teams will take turns to complete a specified number of laps around the track. The clock starts with first driver & finishes when the last driver passes the finish line. Tactics & good teamwork are essential here! Teams take turns to operate the stopwatch & count the laps for each other. Any cones that get knocked down will add penalty seconds to the team time! Time permitting each team will get two goes at qualifying for the final.

Winners finale:

The winning team members will race against the clock to the achieve the fastest time.

This usually comes down to getting around the course without knocking lots of cones over! You can add the stag, hen, birthday boy or girl to this race if they don't qualify, time permitting.

Winning medals presented to 1st, 2nd & 3rd .Extra trophies can be made available by prior arrangement.

The event will last around 2 hours depending upon the number of participants in your group. For groups of 12+ events will last longer, please enquire when booking. It's not possible for us to state how many laps each driver will do as track / weather / conditions will govern speed. We expect everyone to go away feeling pleased, wanting to do a bit more, but feeling that they've had good value for money.

As an example a group of 12 may be on the track for 2 hours, e.g.

- Warm up session in teams of three (40 minutes)
- Timed team laps (50 minutes)
- Winner's finale approx 15 / 20 minutes
- Getting in & out of the karts during the event around 15 minutes

The cost for the above is:

Up to 12 guests £588.00 (£49 per guest)

If there are less than 12 in your party please ask us if we can take a smaller group on your chosen date without paying for 12. If we have other bookings on your chosen date this should be possible. If we don't then the price is £588 divided amongst the group, but you'll still get 2 hours track time.

If your party is booked in to do clay pigeon shooting on the same date & at the same venue the cost is £45 per guest.

Available event start times are 10 am until 12:00pm, 1pm until 3pm

The above times are only a guideline & available booking times will vary from week to week according to the size of other groups already booked in on your chosen date.

You'll need to wear outdoor clothing including walking boots/old trainers or similar (no high heels). Clothing and footwear could get wet and muddy during the activity, so it is advisable to bring a change of footwear. Two piece pvc waterproof suits are available on site if required at a cost of £5 per set (pay cash on the day, you can take them home afterwards if you like). You're welcome to bring your own waterproof suits, they'll only be required when the ground is wet or it's raining during the event.

Please note: If you arrive late for whatever reason your session will still end at the scheduled time. Please treat your booking as a football match; if you arrive late you'll get to enjoy less karting time. If individuals within the group arrive late & miss the safety briefing they won't be able to participate at all.

To book a group a 25% deposit is required.

Please book for the minimum number of definite attendees that you have as the number that you book for will be the number that we will charge you for. For example if you have a group of 14 definite attendees but think it could be 18, book for 14 & check nearer the time if we can fit any extra's in (we usually can if we're given a bit of notice).

Please note drinking alcoholic beverages is not permitted before or during any of our events.

Anyone who has been, or appears to have been drinking, or taking mind / mood altering drugs will not be allowed to participate.

Best regards

Olly Searl
